

All TYR Wetsuit warranty claims must be processed through an authorized TYR Sport retailer or with TYR Sport directly. TYR Hurricane wetsuits are designed as high performance triathlon and swimming accessories and are engineered to exacting standards.

Your TYR Hurricane performance swimming/triathlon wetsuit is supported with a warranty on both manufacture and materials for one year from date of purchase. TYR will replace or repair any defects that occur within normal wear and tear at their discretion. This covers the failure of any seams, zippers, or fabrics.

TYR reserves the right to determine normal wear and tear. As a guideline this requires the customer to follow wetsuit care instructions on the original hangtag, and [www.TYR.com](http://www.TYR.com) website and take reasonable care to maintain the wetsuit. Exposure to elements such as direct sunshine and extreme heat, prolonged chlorine exposure and other harsh or abrasive substances can accelerate product degradation and void warranty. Fingernails and other sharp objects may tear and rip the high performance neoprene in your TYR Hurricane wetsuit. TYR will not repair or replace items that have obvious abuse such as rips and split seams, or where there is clear evidence of inadequate care or treatment.

Product that is covered by repair or warranty may be exchanged in either the retail place of purchase or through TYR Sport Inc. customer service directly. Product warranties are void if purchased through any unauthorized auction dealers such as Ebay or Craigslist.

If you are still unsure of your warranty rights or have any questions relating to TYR Sport product warranty, please contact us at [customerservice@tyr.com](mailto:customerservice@tyr.com)

Our policy in terms of freight in case of warranty is that you pay freight to us, we pay freight to you. We will send the wetsuit to you in the same manner and priority sent to us. If you ship the wetsuit UPS ground to us we will ship it UPS ground back to you.
